

# Alaska Economic Outlook - 2014

An aerial photograph of a vast, rugged mountain range in Alaska, covered in snow and partially obscured by shadows. The terrain is highly textured with ridges and valleys, and the overall color palette is dominated by whites, greys, and muted blues.

Pacific Northwest Regional Economic Conference

May 8<sup>th</sup> and 9<sup>th</sup>, 2014

Caroline Schultz, Economist

Alaska Department of Labor and Workforce Development

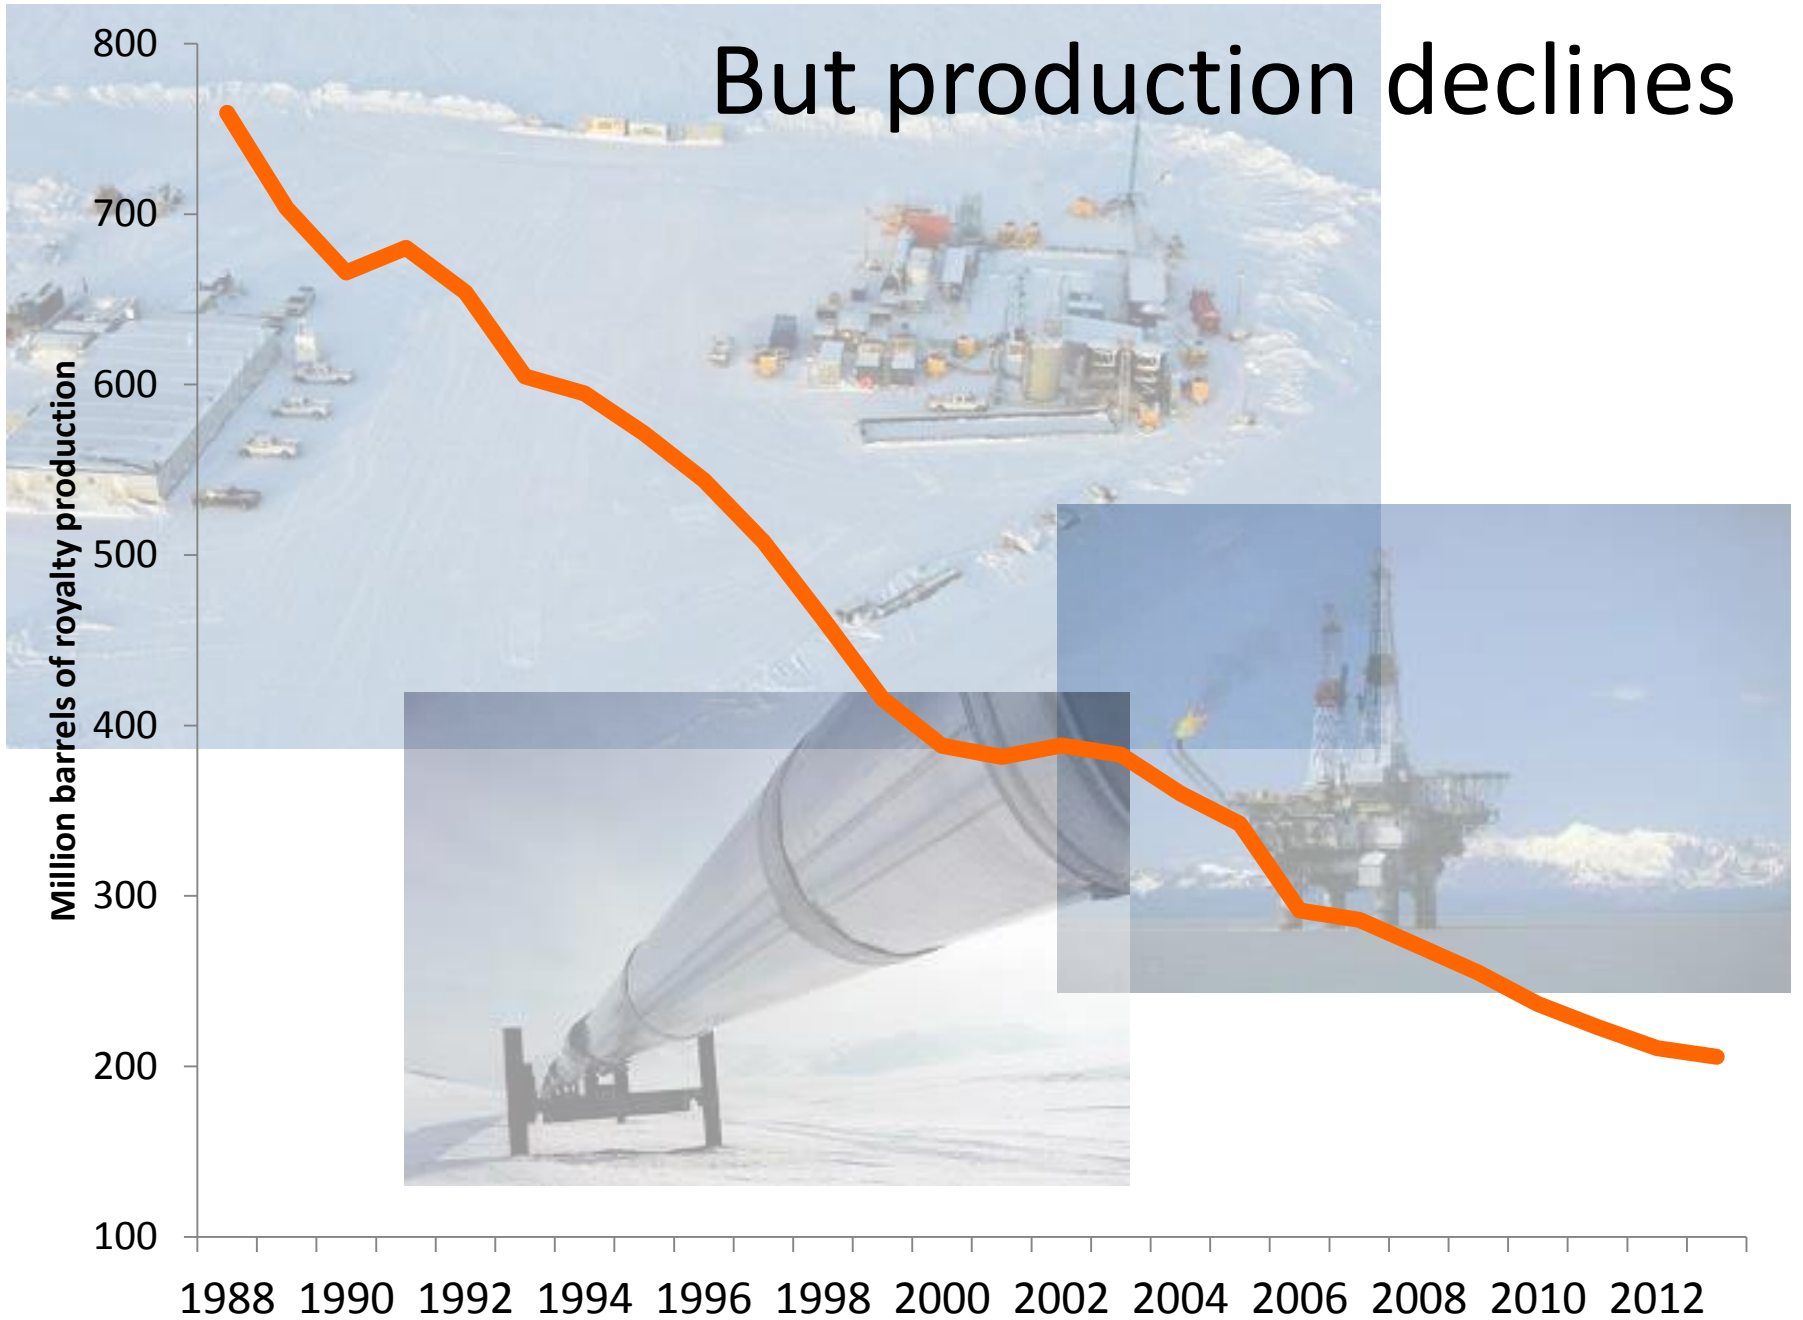

Research and Analysis Section

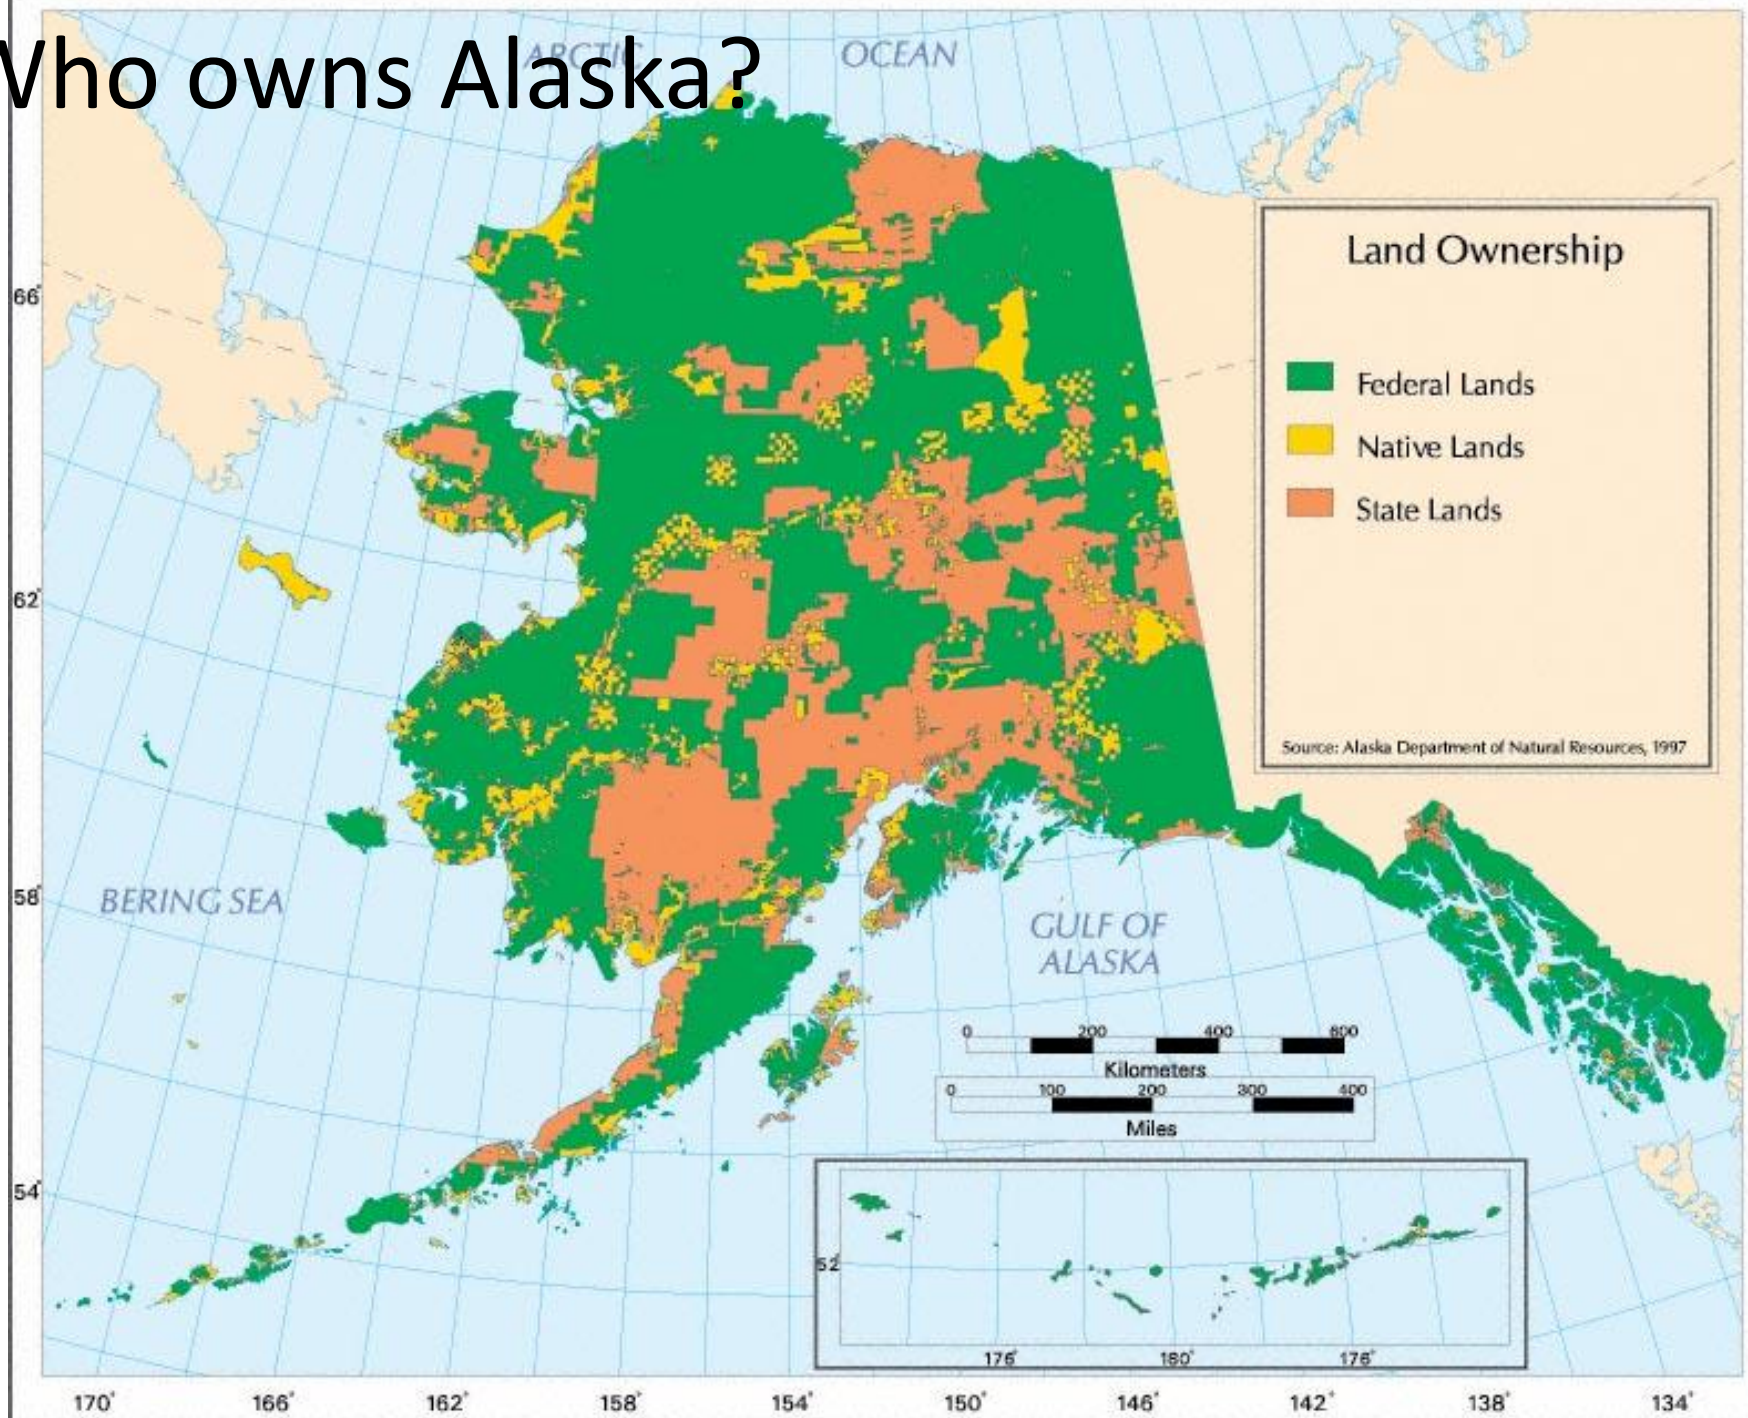

Oil fuels Alaska's economy

But production declines

# Who owns Alaska?

# Federal spending is big

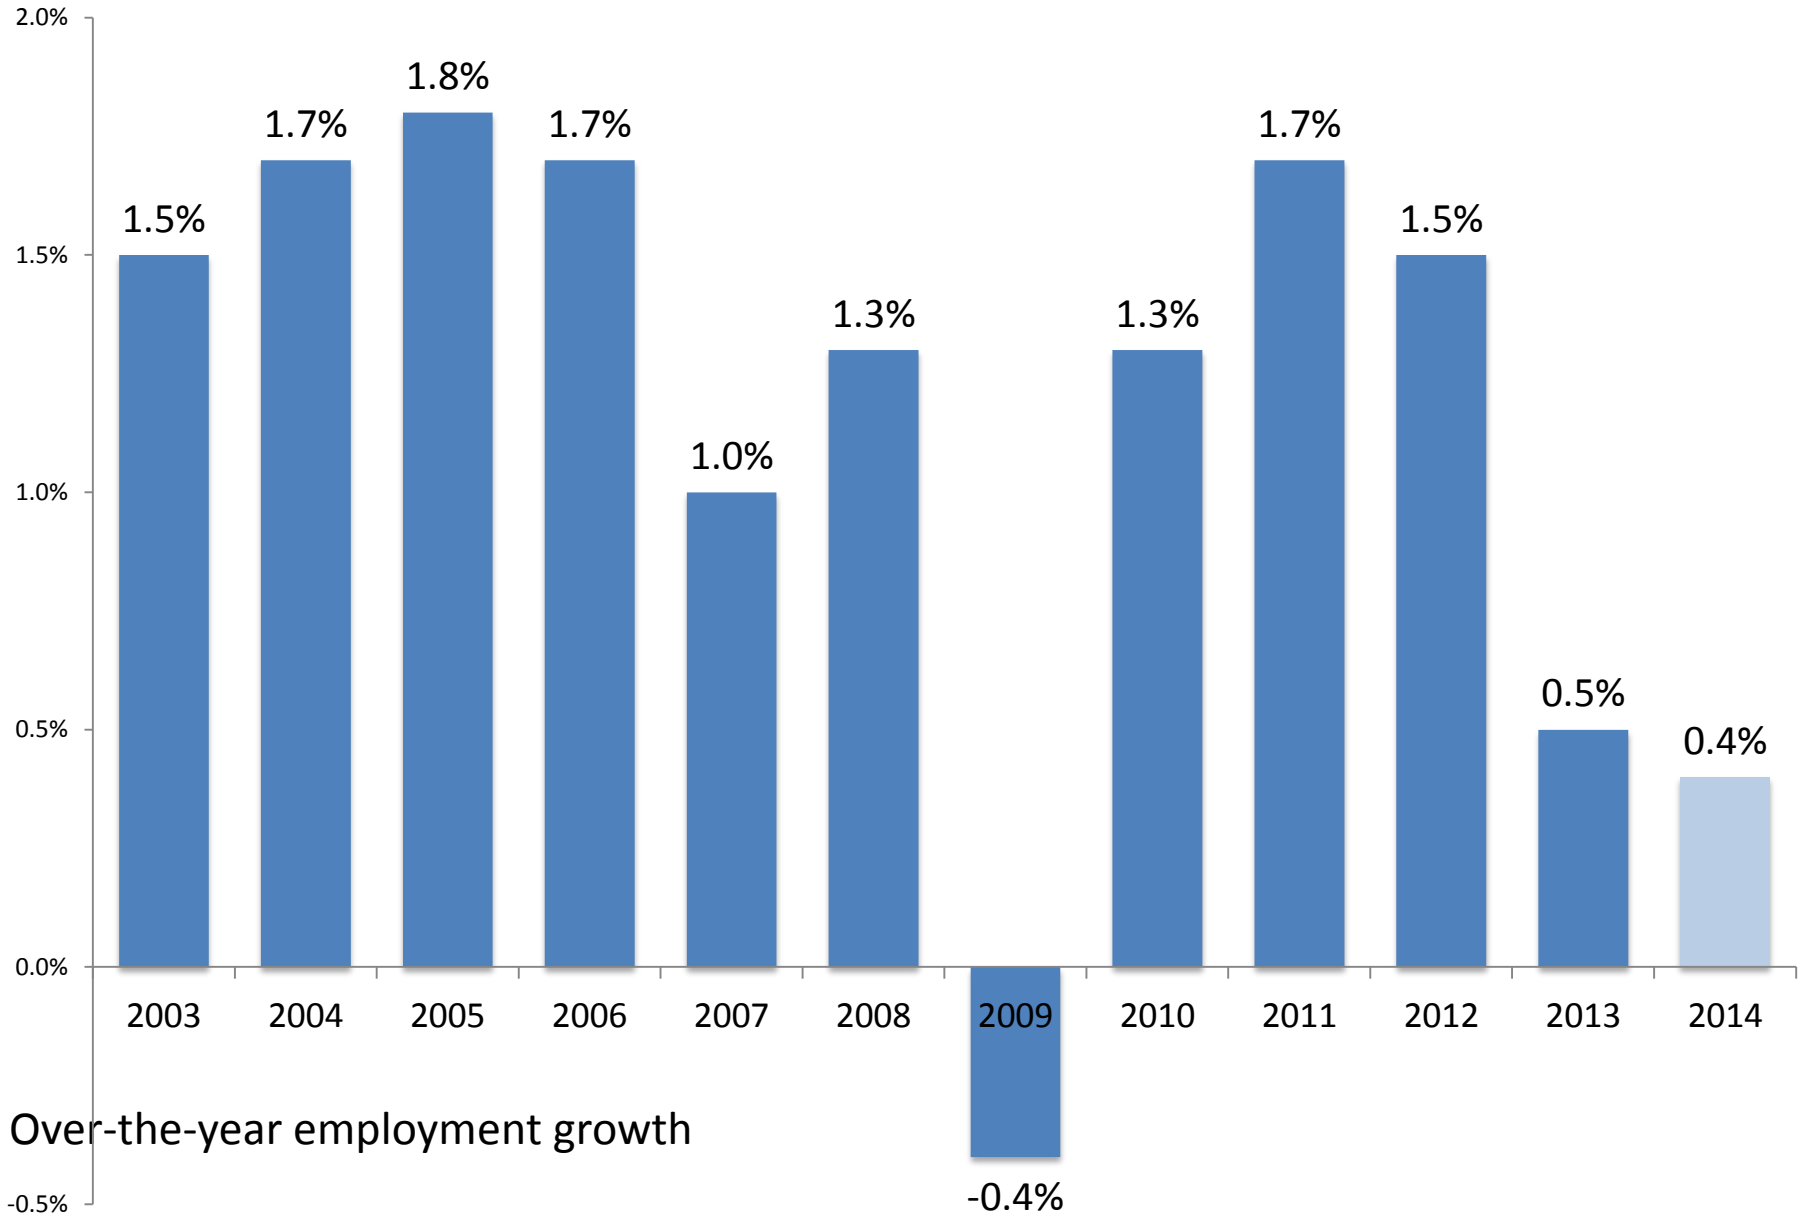

What else?

# Alaska weathers recession well

More reality TV?

Arctic shipping lanes?

Server farms?
